

5th Year BOOK LIST FOR CHOICE SUBJECTS.

We are delighted that our 5th Year 2021 students are happy with their subject choices. We would recommend that any student who is not taking a modern language liaises with Mr Tynan as this does have implications for entry to some colleges.

Due to increased enrolment and the choice being offered for senior cycle options each year (subjects run according to preferences of the year group), it is no longer sustainable to provide the subject option books through this scheme. The school will still provide textbooks through the school rental book scheme for core subjects only; English, Irish, Maths and LCVP. The book cost in the all in one payment for 5th Years 2021 will therefore be reduced to €30. There will be other costs such as a studyclix account, study skills course, insurance and lockers.

The following is a list of the textbooks that teachers will be using. It is expected that all 5th year students will have purchased their own textbooks for return of 5th years on 2nd September 2021. Students will then be able to sell on their own textbooks at the end of 6th year. We have ordered new larger lockers for our 2021 5th year students in their own senior block area. All students will be supplied with a key on their return to school.

Subject	Textbook	Edition	Publisher	ISBN	Author
Geography	Earth textbook	2 nd edition	Educate.ie	9781913228460	Michael Organ
PE (exam subject)	Peak Performance Log book		Folens	9781789278224 9781789270655	Fergal Lyons Sarah Jane Belton Nicola Grean Eoin Joy
