

5th Year BOOK LIST FOR CHOICE SUBJECTS.

We are delighted that our 5th Year 2022/23 students are happy with their subject choices. We would recommend that any student who is not taking a modern language liaises with Mr Tynan as this does have implications for entry to some colleges.

Due to increased enrolment and the choice being offered for senior cycle options each year (subjects run according to preferences of the year group), it is no longer sustainable to provide the subject option books through this scheme. The school will still provide textbooks through the school rental book scheme (*provided the Student Contribution Fee is fully paid for previous years*) for core subjects only; English, Irish, Maths and LCVP. The book cost in the all in one payment for 5th Years 2022/23 will therefore be reduced to €30. There will be other costs such as a studyclix account, study skills course, insurance and lockers.

The following is a list of the textbooks that teachers will be using. It is expected that all 5th year students **will have purchased their own textbooks** for these subjects for the start of the next academic year. Students will then be able to sell on their own textbooks at the end of 6th year.

Subject	Textbook	Edition	Publisher	ISBN	Author
Geography	Earth textbook Elective 5 Patterns and Processes in the Human Environment	2 nd edition	Educate.ie	9781913228460	Michael Organ
PE (exam subject)	Peak Performance Log book		Folens	9781789278224 9781789270655	Fergal Lyons Sarah Jane Belton Nicola Grean Eoin Joy
Art	New Appreciation Art		Gill Education	9780717188697	Aine Ní Carthaigh

					Aidan O Sullivan
Construction Studies	Construction Technology Designing Sustainable Homes		Gill Education	9780717148349	Trevor Hickey
German	Deutsch Komplet	2 nd edition	Folens	9781789270136	Máire Devlin Quinn Derval McGrath
Home Economics	Life Skills textbook and workbook		Folens	9781789278149	Carmel Enright Maureen Flynn
Agriculture Science	Breaking Ground	3 rd edition	Edco	9781845368425	Carol Cronin Sandra Tiernan
Biology	Biology Plus		Edco	9781845365578	Michael O Callaghan
Music	Sound Check		Edco	9781845369644	Laura Lynch
Chemistry	Chemistry Live	2 nd edition	Folens	9781780904306	Declan Kennedy
French	Tout Va Bien	3 rd edition	Folens	9781789279382	Dervla Murphy
