Dear Parent(s)/Guardian(s),

I write to inform you of a number of matters at this time, as follows:

Traffic Management

Parents/guardians are asked to note the following points when dropping and collecting students to and from the school:

- The health and safety of ALL students is of paramount concern and supersedes other aspects of accessibility and convenience in the collection / drop off of students.
- The rear car park is a **staff car park only** as per signage.
- Be mindful that the front school car park is reserved for the use of staff and visitors conducting business with the school and may only be used by parents for collection of students who may have mobility issues. **It is not a collection point.**
- Parents are most welcome to use the drop off and collection point but are asked to refrain from parking therein. The bus bay /set down area must be kept clear for the sole use of buses at collection time. **It can be used 10 minutes after school finishes for collection purposes.**

Road Safety

Over the coming week we have arranged various organisations to visit the school to explore Traffic Management Solutions. The Wexford County Council Roads Department are visiting the school to look at road safety in the general vicinity. There will also be other Health & Safety assessments undertaken in addition to this visit.

Finally, on behalf of the staff at Coláiste Abbáin I would like to extend my best wishes to all students sitting their House Exams over the next week.

Yours sincerely,

John Nolan
Principal
